Why you should join eTwinning

eTwinning has created a school without borders, a common educational space for teachers and pupils. eTwinning promotes school collaboration in Europe through the use of information and communication technologies by providing support, tools and services to project schools.

The portal also offers online tools for teachers to find partners, launch projects, share ideas and best practices. Thanks to all individual tools, each member of the community can build interesting and useful partnerships with teachers throughout Europe in an easy, convenient and quick manner.

The screenshot shows the top navigation bar of the European School Education Platform. The European Commission logo is on the left. On the right, the 'Login' button is highlighted with a red box and a red arrow pointing to it. Next to it is a '+ Create account' link. Below the navigation bar is a search bar with the text 'Search for content' and a magnifying glass icon. The main content area features a blue banner with abstract geometric shapes. Below the banner, there is a paragraph of text: 'The European School Education Platform is the **meeting point** for all stakeholders in the **school education** sector – school staff, researchers, policymakers and other professionals – spanning every level from Early Childhood Education and Care to primary and secondary school, including Initial Vocational Education and Training.' Below this paragraph is another line of text: 'The platform is also home to **eTwinning**, the community for schools in Europe.' On the right side of the page, there is a grey box with the heading 'INSIGHTS:' and the text: 'Read the latest news, practices, expert articles and much more on European school policy and action. Stay tuned with latest updates from the eTwinning Community.'
